In the Matter of:

APPLICATION OF MARTIN GAS, INC., FOR	)	
AUTHORITY TO ADJUST RATES AND TO EXTEND	)	CASE NO. 90-402
CURRENT SURCHARGE	)	

O R D E R

On September 30, 1991, the Commission issued an Order in this matter establishing new rates for Martin Gas, Inc. ("Martin Gas"). Martin Gas has applied for rehearing contending that the authorized rates do not produce the level of operating revenue found reasonable and that the denial of an allowance for income tax expense and an extension of Martin Gas's existing surcharge should be reconsidered.

As to Martin Gas's contention that the authorized rates do not produce the approved level of revenues, the Commission concurs. Due to mathematical error in their calculation, the rates approved in the Commission's Order of September 30, 1991 will not produce the approved level of revenue. revenue, see Appendix B, and should be made effective as of September 30, 1991.

As to the allowance for income tax expense and extension of surcharge, Martin Gas has presented no new evidence nor advanced any new argument to disturb the Commission's earlier findings. Accordingly, the Commission finds that Martin Gas's petition as to these issues should be denied.

IT IS THEREFORE ORDERED, to be entered nunc pro tunc, that the rates in Appendix A are approved for service rendered by Martin Gas on and after September 30, 1991.

IT IS FURTHER ORDERED that:

1. Martin Gas's Petition for Rehearing and Reconsideration is denied.

2. Within 30 days of the date of this Order, Martin Gas shall file with this Commission its revised tariff sheets setting out its approved rates.
